Concepts

LOBBY - system by which users can find/enter tables with other users

Challenges & Risks

- How do users find the right opponents?
 - Lobby system
 - Rankings (would be ambitious) and suggest players of similar rank
 - Fallback: assume users already know who they want to play with

Challenges & Risks

- How do users find the right opponents?
 - Lobby system
 - Rankings (would be ambitious) and suggest players of similar rank
 - Fallback: assume users already know who they want to play with
- What if live updating is infeasible?
 - Alter rules of game to be turn-based
